

OUR UNCONSCIONABLE NATIONAL  
DEBT**HON. MIKE COFFMAN**

OF COLORADO

IN THE HOUSE OF REPRESENTATIVES

*Monday, June 23, 2014*

Mr. COFFMAN. Mr. Speaker, on January 20, 2009, the day President Obama took office, the national debt was \$10,626,877,048,913.08.

Today, it is \$17,532,488,016,268.40. We've added \$6,905,610,967,355.40 to our debt in 5 years. This is over \$6.9 trillion in debt our nation, our economy, and our children could have avoided with a balanced budget amendment.

## PERSONAL EXPLANATION

**HON. CORRINE BROWN**

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

*Monday, June 23, 2014*

Ms. BROWN of Florida. Mr. Speaker, on Friday, June 20, 2014, I mistakenly voted "aye" on rollcall vote 334. I meant to vote "no."

I support all forms of energy, including biofuels and agree with the vast majority of Americans who agree that we must diversify our fuel supplies with alternatives to oil. The list of auto makers embracing biodiesel continues to grow, and currently all major U.S. engine manufacturers support blends of up to 5 percent, while more than three-quarters support 20 percent blends in at least some of their engines. Many engine manufacturers are now actively promoting their positive positions on biodiesel blends (Ford, for example, now uses a B20 logo on heavy-duty diesel trucks.)

A few years ago, Americans were filling up their cars at record prices—60, 80, 100 dollars a tank—and looking to Washington to see what could be done. To see what we could do to replace a crippling oil addiction with the energy technology this challenge demands, and our nation deserves. To relieve the strain on their budgets and their families not ten years from now—but now.

Our government and military need to work toward the goal of including biofuels in their vast array of energy products. I support the military, I support the environment but I do not support this amendment.

RECOGNIZING THE  
CONTRIBUTIONS OF PAT PADILLA**HON. ALAN GRAYSON**

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

*Monday, June 23, 2014*

Mr. GRAYSON. Mr. Speaker, I rise today in honor of Lesbian, Gay, Bisexual, and Transgender (LGBT) Pride Month, to recognize Pat Padilla. After conversations with a gay colleague some years ago, Pat realized how unaware she was concerning the struggles and inequality faced by the LGBT community and their loved ones. Shortly afterwards, she discovered the local Orlando/Central Florida chapter of Parents, Families and Friends of Lesbian and Gays (PFLAG), which

has led her on an extraordinary journey of grassroots advocacy and activism. Working with the LGBT community and allies over the years has, in turn, enriched her life in so many ways.

As a straight ally, she served as president of PFLAG Orlando/Central Florida chapter for 11 years. She also served as a member the Equality Florida Board of Directors for 8 years. Equality Florida is the largest civil rights organization dedicated to securing full equality for Florida's gay, lesbian, bisexual and transgender community.

Since 2001, she has been a member of Orlando Anti-Discrimination Organization (OADO). OADO has been responsible for passing various LGBT inclusive Human Rights Ordinances (HRO) and Domestic Partnership Registries (DPR) in both Orlando and Orange County, Florida.

In 2009, Pat received the Orlando Metropolitan Business Organization 'Debbie Simmons Community Service Award'. Pat is passionate about increasing awareness and understanding of LGBT individuals, especially youth and "transgender" individuals. This passion led to her involvement with Zebra Coalition and Orlando Youth Alliance. Over time, she has compiled a wealth of information including individuals, organizations, and resources for LGBT persons needing assistance. This information has become a vital asset for various organizations.

Pat holds a Bachelor of Science degree in Business Administration from the University of Central Florida. For the past 15 years, Pat has worked for Symantec Corporation in both sales and support services roles. She leads the global LGBT Employee Resource Group, SymPRIDE. In 2007, she initiated a change to the Symantec diversity policy to include "transgender". Along with SymPRIDE, she is also a member of SWAN (Symantec Women's Action Network) and HOLA (Hispanic Outreach and Leadership Affinity).

Pat lived in Venezuela for 10 years, where she had the gratifying experience of working with Mother Teresa and as a translator for the Missionaries of Charity.

I am happy to honor Pat Padilla, during LGBT Pride Month, for her compassion for and service to the LGBT community in Central Florida.

RECOGNIZING THE RAPPAHAN-  
NOCK LADY RAIDERS STATE  
CHAMPION SOFTBALL TEAM**HON. ROBERT J. WITTMAN**

OF VIRGINIA

IN THE HOUSE OF REPRESENTATIVES

*Monday, June 23, 2014*

Mr. WITTMAN. Mr. Speaker, I rise today to recognize the outstanding feat achieved by the Rappahannock Lady Raiders softball team with their victory in the Division 1A Virginia High School League Championship.

The Lady Raiders earned the 1A State Softball Championship title in an impressive 5-0 game with the William Campbell Lady Generals, winning their first State Championship in the program's history.

During their historical championship season, the Lady Raiders secured an impressive record of 22-3, a testament to the team's commitment to performing at the highest level each and every time they stepped on the field.

I would like to commend head coach Ellen Gaines and all those who are involved with the Lady Raiders for building this successful softball program into a championship winning team.

Mr. Speaker, I am proud to stand today to recognize the school, the coaches, the fans, and most importantly, the players on their successful season and victory in the IA State Championship game.

IN RECOGNITION OF THE 10TH AN-  
NUAL SAN MATEO COUNTY DIS-  
ASTER PREPAREDNESS DAY**HON. JACKIE SPEIER**

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

*Monday, June 23, 2014*

Ms. SPEIER. Mr. Speaker, I rise to honor the 10th annual San Mateo County Disaster Preparedness Day on this day, Saturday, June 7, 2014.

This event grew out of the tragedy of Hurricane Katrina, which devastated southeast Louisiana on August 29, 2005. The Nation watched in horror as Americans were waving for help from the roofs of their homes surrounded by water. Hurricane Katrina became the costliest natural disaster and one of the five deadliest hurricanes in U.S. history. I couldn't help but wonder what would happen here in the Bay Area if a major earthquake hit. As all of us know, it's not a question of if, but when.

We convened a small group of leaders on September 11, 2004 to discuss disaster preparedness in our county. From this meeting arose the first countywide disaster preparedness event to educate residents. San Mateo County Supervisor Adrienne Tissier and Supervisor Don Horsley created such a stir in the community that when event day dawned, about 5,000 individuals attended. They learned directly from first responders giving emergency demonstrations, and that first year there were 40 exhibitor booths and numerous emergency vehicles. Through sponsorships by local businesses and community partners, we were able to hand out 1,000 emergency preparedness backpacks to the first attendees and feed all attendees complimentary lunches. It was a true community event.

Every year since then, the San Mateo County Disaster Preparedness Day has taken place at locations throughout the county, including South San Francisco High School, the USGS campus in Menlo Park and at the Event Center. Tens of thousands have been trained. Many of those who attend are young people and students. Disaster Preparedness Day offers families a teaching moment—a time to reflect upon what will happen to each family member if communication is cut off or mobility restricted. As mothers and fathers instruct their young children in how to be safe but not frightened, and as emergency responders offer teens their first exposure to adult-like duties, such as first aid and CPR, you can almost watch the fabric of the community being woven right before your eyes.

On the 10th anniversary of this important day, we continue our tradition of presenting, during the opening ceremony, flags by the San Mateo County Sheriff Department Honor Guard and a wreath dedicated to the lives that

have been lost due to disasters. We also continue to offer a free CPR course for attendees plus explanations of hospital care during an emergency, and instructions on how to store food, currency and water in safe places. Experts on earthquakes, fires and floods explain likely scenarios and often the local fire departments give detailed, localized explanations to their own residents.

Mr. Speaker, I ask the House of Representatives to rise with me to honor the 10th annual Disaster Preparedness Day in San Mateo County. No one wants to experience a disaster, but everyone must be prepared for one. It has been said that practice makes perfect. In San Mateo County, we can never hope to be perfect in our response to disaster, but everyone knows that we practice because we love our families, our community and our neighborhoods, and we are determined to be prepared.

---

TRIBUTE TO LESLIE BARBOUR

**HON. MICHAEL K. SIMPSON**

OF IDAHO

IN THE HOUSE OF REPRESENTATIVES

*Monday, June 23, 2014*

Mr. SIMPSON. Mr. Speaker, I rise today to honor a friend and colleague, Leslie Barbour of the Nuclear Energy Institute, who will be retiring from NEI later this summer. In some circles, Leslie is known as the "First Lady of Nuclear Energy" and her presence and insights will be missed.

When I came to Congress sixteen years ago, I met Leslie Barbour for the first time. In many ways, Leslie is the face of the nuclear energy industry that many Members of Congress and congressional staff see the most. Whether it is in a meeting, at a hearing or a mark-up, Leslie Barbour is there on behalf of the nuclear industry.

Leslie is an extremely effective advocate for the nuclear energy industry and she has a unique ability to explain complex technological issues in understandable terms. Leslie is an educator and an advocate and she has created events like the Nuclear Energy Research and Development Summit that bring political leaders, nuclear industry officials and union representatives together to discuss the best strategies and options for moving nuclear energy forward.

As the representative of Idaho's Second Congressional District, I have the honor of representing the Idaho National Laboratory, the nation's lead lab for nuclear energy research and development. The Idaho National Laboratory and the Nuclear Energy Institute work very closely together, and over the years Leslie has organized tours of the lab and brought lab employees to Washington, DC to help educate policymakers on the benefits of nuclear power. Leslie is always looking for new ways to reach new audiences and educate new Members of Congress on the role nuclear energy plays in our nation's energy strategy.

In addition to her professional work, Leslie Barbour is also an active member of her community. For a number of years, Leslie has served on the Board of Directors of the Capitol Hill Group Ministries, a non-denominational organization that addresses the social needs of the men, women and children living near Cap-

itol Hill. In fact, in recognition of her efforts, in 2011 Capitol Hill Group Ministries named Leslie the Volunteer of the Year.

After twenty years with the Nuclear Energy Institute, Leslie is retiring from NEI but she will still be active here in Washington, DC. It has been a joy to work with Leslie, and I wish her and her husband Gary all the best as they take on new challenges and new opportunities.

---

IN RECOGNITION OF HOLY TRINITY CHURCH OF GOD IN CHRIST

**HON. RICHARD E. NEAL**

OF MASSACHUSETTS

IN THE HOUSE OF REPRESENTATIVES

*Monday, June 23, 2014*

Mr. NEAL. Mr. Speaker, I want to take this opportunity to recognize the Holy Trinity Church of God in Christ in my hometown of Springfield, Massachusetts for celebrating their sixtieth anniversary this month. Since its founding in 1954, Holy Trinity has become an important part of the cultural and spiritual identity of the Mason Square area of Springfield.

With its commitment to community outreach, Holy Trinity has become a vital part of the revitalization of the Mason Square area. For decades, Holy Trinity has worked to make Mason Square a better and safer place for everyone. Their parishioners help serve the people that are most in need by donating clothes and working at shelters on a regular basis. They have sponsored many initiatives including Community Olympics and offering different scholarships. Notably, Holy Trinity headed up a project, working with other churches and the city of Springfield, to renovate the gym at Deberry Elementary School for those students to enjoy.

I want to congratulate Holy Trinity Church of God in Christ for reaching this important milestone and I wish them all the best with their future endeavors.

---

JULIE GEISER CONGRESSIONAL TRIBUTE

**HON. SCOTT R. TIPTON**

OF COLORADO

IN THE HOUSE OF REPRESENTATIVES

*Monday, June 23, 2014*

Mr. TIPTON. Mr. Speaker, I rise today to recognize Julie Geiser of Pueblo, Colorado. After 18 years of service as the Director of the Alamosa Public Health Department, Ms. Geiser is retiring to spend time with her family and friends.

Ms. Geiser has had an exemplary career, leading her department with vision and passion. Under her guidance, the Alamosa Public Health Department has doubled in size, while continuing to maintain a standard of excellence that meets the needs of her community. In 2008 Ms. Geiser provided crucial leadership during a salmonella outbreak, prioritizing public safety by ensuring that the public remained informed. During this tenuous time she worked with local officials to locate and terminate the source of the outbreak and limit its spread. Instances like this demonstrate the important role Ms. Geiser has had in ensuring the health and vitality of her community. Ms. Geiser was

recognized by the Nightingale Luminaries in 2014 for demonstrating outstanding leadership, advocacy, and innovation in her community.

Mr. Speaker, Ms. Geiser's hard work and dedication to serving her community are commendable. I stand with the residents of Alamosa County in thanking Ms. Geiser and congratulating her on a lifetime of service. Although she is retiring from her current post, I am confident she will remain a valuable part of her community, and I look forward to seeing all she will accomplish in the years to come.

---

RECOGNIZING THE NORTHUMBERLAND HIGH SCHOOL INDIANS STATE CHAMPION BASEBALL TEAM

**HON. ROBERT J. WITTMAN**

OF VIRGINIA

IN THE HOUSE OF REPRESENTATIVES

*Monday, June 23, 2014*

Mr. WITTMAN. Mr. Speaker, I rise today to recognize the outstanding feat achieved by the Northumberland Indians baseball team with their victory in the Division IA Virginia High School League Championship.

The Indians earned the IA State Baseball Championship title in an impressive 9–3 game with the Honaker High School Tigers, winning the State Championship while handing the Tigers their first and only loss of the season.

I would like to commend head coach Johnny Mothershead and all those who are involved with the Northumberland High School Indians for building this successful baseball program into a championship winning team.

Mr. Speaker, I am proud to stand today to recognize the school, the coaches, the fans, and most importantly, the players on their successful season and victory in the IA State Championship game.

---

PERSONAL EXPLANATION

**HON. KAY GRANGER**

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

*Monday, June 23, 2014*

Ms. GRANGER. Mr. Speaker, on rollcall No. 309: Due to a previously scheduled constituent event in my district, I was not able to be present for this vote.

Had I been present, I would have voted "yea."

---

RECOGNIZING THE CONTRIBUTIONS OF DAVID BALDREE

**HON. ALAN GRAYSON**

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

*Monday, June 23, 2014*

Mr. GRAYSON. Mr. Speaker, I rise today in honor of Lesbian, Gay, Bisexual, and Transgender (LGBT) Pride Month, to recognize David Baldree. Born in Shelby, North Carolina in 1966 to J.D. and Margaret Baldree, David grew up in a home committed to volunteering and giving back to the community. Even now, David's parents, a retired
